StormBreaker Plus 300VL Horizontal Roller windows provide year-round peace of mind with proven impact-resistant to help protect your home from threatening storms and would be intruders. Sash glide smoothly on corrosion-resistant rollers allowing you to easily open and close your window to catch the ocean breeze.
STORMBREAKER PLUS® SERIES

IMPACT-RESISTANT VINYL WINDOWS AND DOORS

Horizontal Roller Features

Put to the Test StormBreaker Plus windows are tested and certified to meet the AAMA standards for (HVHZ) and Miami-Dade and Broward County specifications for the Florida Building Commission and meet the Texas Department of Insurance evaluation for the Texas Coast.

Storm Protection Impact-resistant KeepSafe Maximum® glass features a durable interlayer that protects the home from flying debris. During a hurricane, flying debris may break the exterior pane of glass but the laminated glass will stay intact to protect the home.

Peace and Quiet The sound-dampening plastic interlayer provides a 50% sound reduction over standard glass and reduces unwanted outside noise with a STC Rating of 31.

Safe and Secure An effective barrier against forced entry, KeepSafe Maximum glass is extremely difficult to penetrate—detering would-be intruders.

Sun Shield By filtering up to 99% of the sun’s ultraviolet rays, KeepSafe Maximum glass reduces damage and fading to your carpet, artwork and family photographs.

Thermally Enhanced A full 1” insulating glass unit provides excellent thermal performance for year-round comfort and energy savings.

Energy-efficient StormBreaker Plus 300VL products can be ordered to meet ENERGY STAR performance levels with Simonton’s ENERGY STAR glass packages for the Northern, North-Central, South-Central and Southern regions.

Weatherability High quality vinyl produced by Simonton’s own extrusion facility has excellent insulating properties and can stand up against extreme weather conditions year after year.

Built-in Strength Fusion-welded frame and sash increase weather resistance and durability, while the reinforced profiles add to the structural integrity of the window.

Low Maintenance Vinyl is virtually maintenance free and will never need sanding or painting.

Trouble-free Operation Steel-axled corrosion-resistant rollers provide a lifetime of smooth operation. Designed to hold the weight of laminated glass, these rollers will open the heaviest sash with minimal effort.

Double-Lifetime Limited Warranty Transferable, Lifetime Limited Warranty on all StormBreaker Plus windows and doors covers vinyl, hardware, screens and glass.

Keeping your home secure every day, impact-resistant glass features a strong interlayer that will remain intact, even when struck with force from wind-borne debris or an intruder.

**KeepSafe Maximum®**

Please call 1-800-SIMONTON (1-800-746-6686) to request testing information and available sizes.

**FRAMES OPTIONS**

Four frame options are available to accommodate different installation applications including:

- Box Frame
- Box Frame with Fin
- Box Frame with Fin and J-channel
- Masonry Flange

**Colors**

- White
- Tan
- Bronze
- Flat
- Sculptured
