Impressive Inside & Out

Simonton® Windows & Doors presents a fresh perspective on your home — and all the moments that matter most to you.

Our commitment to quality begins with premium vinyl products proudly crafted in the USA that deliver decades of durability, ease of use and efficient thermal performance — with an array of operating styles, colors and hardware to complement the design aesthetic of your home.

Every day, we design award-winning windows and doors to satisfy a simple purpose: to brighten and beautify your home and to enhance your comfort and peace of mind for generations to come.

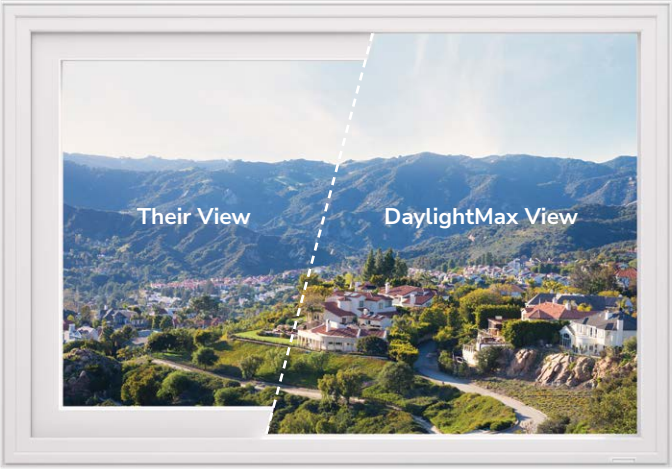
CELEBRATING MORE THAN SINCE 1946 80 YEARS OF INNOVATION & EXPERIENCE

Enjoy the View.

Reframe the way you look at your home with Simonton DaylightMax® windows. The unique narrow-frame design provides up to 40% more natural sunlight, with the largest glass viewing area of any vinyl replacement window. DaylightMax is designed specifically for homes in the western United States, delivering maximum energy efficiency that can be tailored to meet ENERGY STAR® standards for any climate zone and help reduce your heating and cooling costs year-round.

At Simonton, we strive to exceed your expectations. Our DaylightMax Collection windows are designed with your home and your needs in mind.



IMPACTFUL STYLE

Brighten and beautify your home—inside and out. Explore a wide range of colors, configurations and finishes to complement any architectural or interior design style.

EXCEPTIONAL QUALITY

Simonton DaylightMax windows feature fusion-welded construction with multi-chambered frames to provide weathertight protection from the elements that will last for generations to come.

TRUSTED EXPERTISE

Simonton is proud to be part of Cornerstone Building Brands, the #1 manufacturer of windows in North America. We continue to deliver on a reputation of innovation and authenticity built over 80 years in the industry.

SUPERIOR SAFETY & SECURITY

The safety of your home and family is our highest priority. DaylightMax windows have been rigorously tested to deliver superior protection from force entry, wind, rain and sun damage.

40% MORE DAYLIGHT

Narrow-frame design and larger glass viewing area provide up to 40% more daylight than wide-frame windows. Exact percentage depends on style and dimensions selected.

LIFETIME LIMITED WARRANTY

We stand behind the quality and craftsmanship of our windows and proudly offer a comprehensive warranty covering our vinyl, hardware and glass units for your total peace of mind.

ENERGY EFFICIENCY

DaylightMax windows can be customized to meet ENERGY STAR criteria for any climate, delivering outstanding thermal performance to maximize your home's interior comfort.

AAMA GOLD LABEL CERTIFIED

The DaylightMax Collection has earned the AAMA Gold Label, signifying best-in-class durability, weather resistance and energy efficiency. Learn more at Simonton.com/aama-gold

RECOGNIZED FOR EXCELLENCE

The Simonton DaylightMax Sliding window has received the Good Housekeeping Seal in recognition of its uncompromising quality, exceptional energy efficiency and robust safety and security features. Learn more at Simonton.com/goodhousekeeping

This product is only available in Arizona, California, Colorado, Idaho, Nevada, New Mexico, Oregon, Texas, Utah, Washington, Alaska and Hawaii.

SLIDER AND PICTURE WINDOWS
Black laminate interior finish and color-matched hardware

SIMONTON DESIGN TIP:

Combine Slider and Picture windows to create a dramatic, open aesthetic. Clean vertical lines help frame and spotlight your surroundings.

END VENT SLIDER WINDOW
White vinyl with Bronze hardware

Maximum Daylight. Maximum Comfort. Maximum Efficiency.

1. MAXIMUM DAYLIGHT

Larger glass viewing area provides up to 40% more daylight than wide-frame windows.

2. LOW-PROFILE FRAME

Narrow vinyl frame and interlock provide superior performance and a sophisticated streamlined design.

3. DURABLE CONSTRUCTION

Fusion-welded, one-piece frame provides unmatched durability, longevity and performance.

4. BUILT FOR LONGEVITY

Integrated pull rails (IPR) deliver accessible, dependable performance. IPR screen design allows you to handle the screen anywhere along the edge and won't break off like pull tabs can.

5. CUSTOM FIT

Custom sizes ensure a perfect fit for virtually any application around your home.

6. SUPERIOR SEAL

Advanced weatherstripping effectively eliminates drafts and dirt, while small baffles cover exterior weep holes, offering excellent protection against insect intrusion, as well as wind and rain infiltration.

7. ESSENTIAL ENERGY EFFICIENCY

Double-strength insulating glass unit with ProSolar® Low-E Glass, Argon gas and Intercept® spacer system helps keep your home comfortable and save energy.

Steps to Select Your Perfect Window

Understanding the architectural identity of your home is key to making authentic window selections. Every detail—size, shape, color, grille pattern and profile—is an opportunity to complement and enhance the interior and exterior design elements that make your home uniquely your own.

01

EXPLORE WINDOW OPERATING STYLES

Choose from a variety of window shapes and operating styles to complement your home, inside and out.

02

LEARN ABOUT YOUR GLASS OPTIONS

Glass impacts your interior comfort and energy costs, as well as security, acoustics, privacy and more.

03

SELECT YOUR DESIGN OPTIONS

Explore a wide range of interior and exterior colors and hardware options.

04

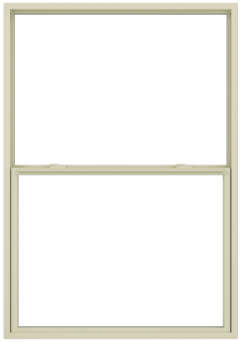
CHOOSE YOUR GRILLE PROFILE & FRAME

Traditional or contemporary, the right grille profile and pattern can enhance the authenticity and aesthetic of your home.

01

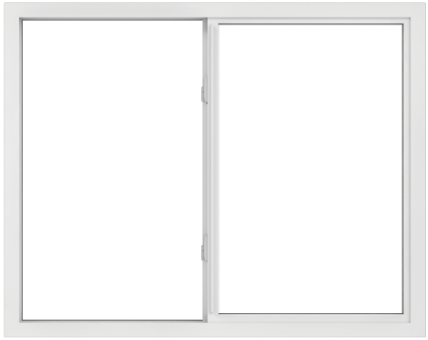
Explore Window Operating Styles

Consider your home's architectural and interior design when selecting a window style. Choose from a variety of shapes and unique operating styles that will complement your home inside and out while delivering dependable functionality and performance.



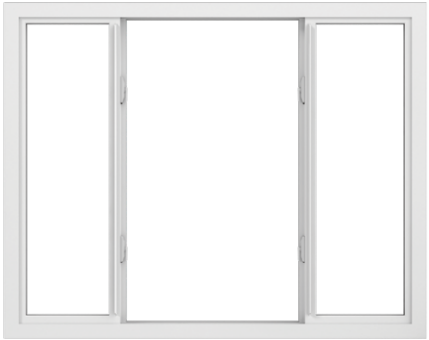
SINGLE HUNG

Single Hung windows provide a classic, streamlined appearance. The bottom sash slides vertically and tilts in for easy cleaning from inside the home.



SINGLE SLIDER

Single Sliders have one operable sash that glides horizontally to the left or right for increased ventilation.

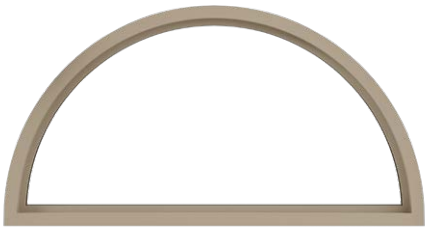


END VENT SLIDER

3-lite Sliders have a fixed center window with operable end vents, delivering an expanded opening that allows for more daylight and better air flow.

PICTURE

Picture windows offer an expansive, unhindered view. Because they are fixed in place with no movable sash, they deliver superior weather resistance.



SPECIALTY SHAPES

Available in a variety of circular, arched and linear designs, Specialty Shape windows provide a unique, custom look that complements both contemporary and traditional homes.

OPERABLE SPECIALTY SHAPES

Available in a variety of arched and linear designs, Operable Specialty Shape windows provide a unique, custom look that highlights both contemporary and traditional homes.

NEED INSPIRATION?
Scan to see these window styles in our photo gallery.

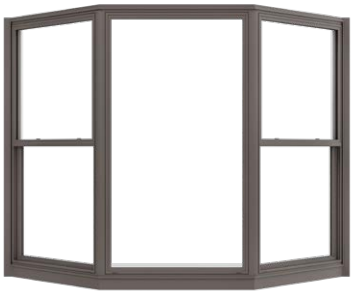
"I love my windows! I immediately noticed the temperature of my home regulate once we installed the new windows. They look beautiful from the inside and outside."

★★★★★

Washington Homeowner

CASEMENT

Casements offer maximum ventilation and are the most energy-efficient windows available. The crank-operated hinged sash opens easily outward and can be cleaned from inside when fully opened.

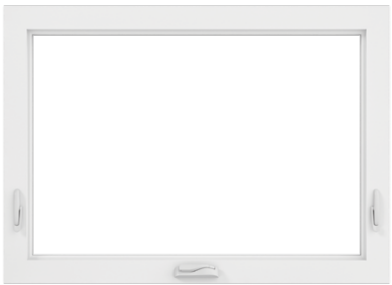


BAY

Bay windows add interior and exterior dimension to your home. Available in 30° or 45° angles, they can create a special nook or add a dramatic accent to any room.

BOW

Bow windows add unique style to your home, with a more rounded, circular appearance than a Bay. The panes are mulled at 10° angles and available in 3-, 4- or 5-unit configurations.



AWNING

Awning windows are hinged at the top and open outward. Turn the crank handle and enjoy fresh air, even when it's raining.

GARDEN

Available in two unique styles, Garden windows bring the outdoors in. Their unique dimensionality makes them ideal for showcasing collectibles and plants while the side windows open for added ventilation.

MULLED WINDOWS

Select DaylightMax Collection windows can be mulled together into a single unit. A mulled window combines matching or contrasting window styles to create a single weathertight unit that provides a truly custom aesthetic and allows more natural light into your home.

02

Learn About Your Glass Options

Simonton DaylightMax windows deliver outstanding energy efficiency and thermal performance, helping reduce heating and cooling costs and keep your home comfortable year-round. Additional glass options are available to enhance security, acoustics, privacy and fade protection.

ENERGY SAVINGS & INTERIOR COMFORT

DaylightMax windows can be customized to meet ENERGY STAR® requirements in any region. Our double-strength, ProSolar® Low-E glass options are designed to enhance regional energy efficiency and deliver optimal efficiency and comfort, no matter where you live.

ProSolar LOW-E

ProSolar SUN

IDEAL FOR COOLER CLIMATES
Uses Sun's Warmth & Aids Heating

PLUS 4

INTERIOR SURFACE LOW-E
Added For Warmth & Superior Insulation

DOUBLE-STRENGTH GLASS

Thick, double-strength glass is break resistant and offers increased sound control.

GAS FILL

Argon gas (six times denser than air) is sealed between the glass panes to increase insulation and reduce energy loss.

SPACER SYSTEMS

Glass panes are separated by a spacer system that helps seal in functional gases and create an airtight seal.

- The standard **Intercept®** spacer system helps keep glass warm and expands and contracts for reduced seal failure.
- The **Supercept™** spacer system utilizes a stainless steel alloy that offers increased durability and thermal efficiency.
- The non-metallic foam **Super Spacer®** is non-conductive and reduces energy transference and unwanted noise.

TITLE 24

TITLE 24

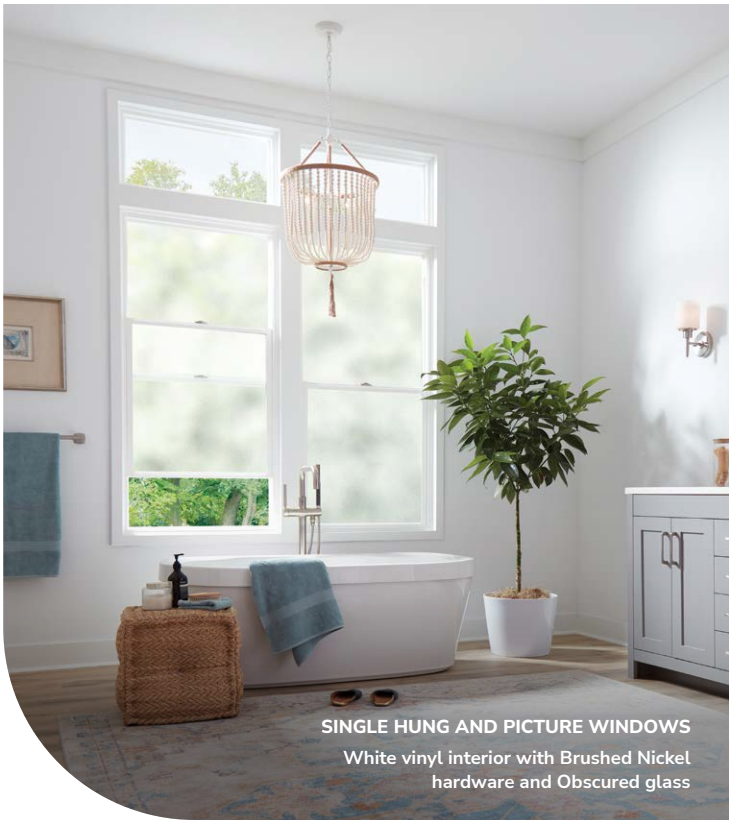
Can be ordered to meet or exceed the California Energy Commission's 2026 Title 24 requirements.

SOUND-ABATEMENT GLASS

If you live in a noisy area, ask about specialty glass designed to reduce unwanted noise infiltration.

SOUND & SECURITY GLASS

Laminated glass features a durable interlayer sealed between two layers of glass that withstands forced entry, reduces sound, and deflects up to 99% of damaging ultraviolet rays that cause interior fading.



SINGLE HUNG AND PICTURE WINDOWS

SIMONTON SAFETY TIP:

AutoSense low-profile locks automatically activate when the window is closed to give you peace of mind that your windows are locked.

04

Choose Your Grille & Frame Options

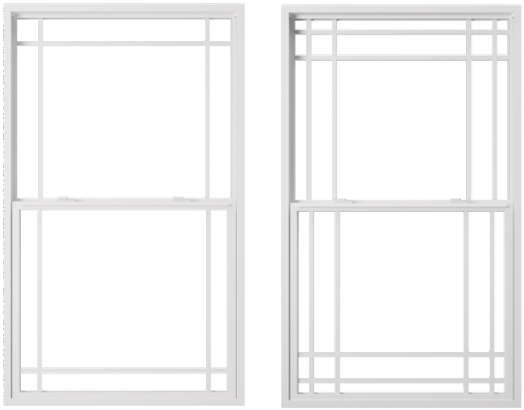
Simonton grille profiles and patterns enhance curb appeal and elevate the overall design of your windows and patio doors. From traditional to contemporary to Craftsman home styles, we provide architecturally authentic selections to match any aesthetic.

GRILLE PATTERNS*

Grille patterns can be customized to complement any home.

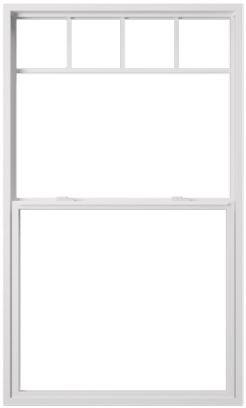
COLONIAL

Iconic style of Colonial, Cape Cod, Farmhouse or Victorian homes in multiple lite patterns.



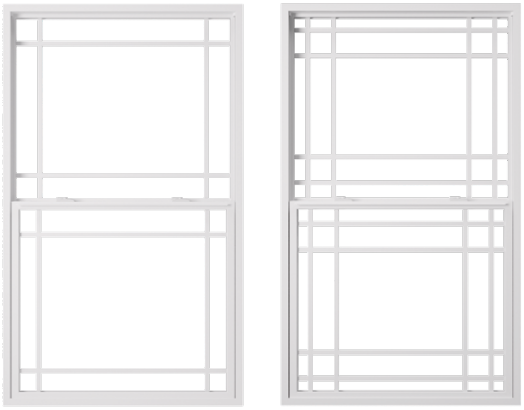
PERIMETER & DOUBLE PERIMETER

Border pattern offering an open view for Prairie, Farmhouse and contemporary homes. Available Double Perimeter pattern works best for larger windows.



VICTORIAN

Ideal for Victorian and Queen Anne architecture, also Craftsman and Farmhouse homes.

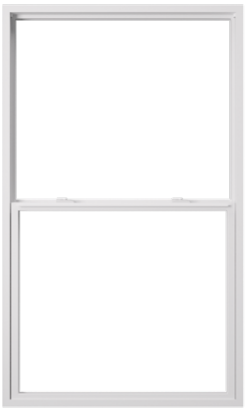


PRAIRIE & DOUBLE PRAIRIE

Pattern borders each sash in multiple lite windows for Prairie, Craftsman and modern design. Available Double Prairie pattern works best for larger windows.

CUSTOM

Create a custom linear pattern to match your home's unique style. Subject to approval and additional cost.



NO GRILLE PATTERN

Provides an unobstructed view and works well with all home styles.

*Other patterns available by request.

GRILLE PROFILES

Grille profiles are color-matched to your selected exterior frame color.**
